

Cabo San Lucas - Water Sports in this Lovely Paradise

Are you a water sport enthusiast? Well then, Medano Beach in Cabo San Lucas is a perfect place for your stunts.

Cabo San Lucas is probably the most popular resort for tourists visiting Mexico. Along the beach, you will find equipment for rent such as jet skis, wave runners, sailboats, boogie boards, water skiing, snorkels and many more that would help you engage in water sports.

Tourists may either kayak or motor across the bay to Lover's Beach or they may opt to hang out at one of the many beach clubs to pass the day watching tourists and kids playing on the beach. Visiting tourists will surely enjoy the various water sports in Cabo San Lucas.

Snorkeling and scuba diving are also good activities to explore the beauty of the place. If you like underwater adventures, get your wetsuits and go to the beach! The Sea of Cortez will definitely give you an amazing underwater experience.

Divers will cherish the colorful underwater near Pelican Rock, and will be thrilled by the amazing Sandfalls. Superb dive sites can be found throughout the Tourist Corridor. Dive excursions can be arranged for interested tourists.

Private trips can also be arranged if you are with a group of friends or colleagues who want to experience and explore the many dive sites in Cabo. Visiting the Cabo Pulmo Marine Park is also worth a visit as this national marine park displays a coral paradise and various fish species that are only found in Cabo.

Surfers would not be disappointed in Cabo's waters. Different waves in different heights are found in Cabo, thus surfers would definitely appreciate the inviting waters of Cabo. Surfers from around the world even come to Cabo to experience the great waves. Celebrities and Hollywood stars are also among those who ride the waves in this beach paradise.

Aside from the many water sports Cabo offers, Cabo also gives its guests the simple pleasures of meeting people from all over the world, sharing experiences and enjoying the waters of together.
